1. Comment on the instructor's teaching effectiveness and classroom performance.

Text Entry

Professor Knight was a spectacular teacher, illustrating a magnificent understanding of the subject and the ability to superimpose that knowledge onto teaching us.

Professor Knight was very good at helping students who struggled learn the concepts even the day before the test.

Mrs.Knight is an excellent teacher who always comes to class with a great attitude and an interesting lesson plan.

Professor Knight was always very organized and adhered to a strict schedule for her lessons. This way we were always doing something new and we learned very quickly.

Dr. Knight went through the material thoroughly and she always explained each concept to the class. Also, she made us complete practice exercises in class that enabled us to comprehend the material.

2. Did the instructor stimulate thinking? Did the course make a significant contribution to your education?

Text Entry

Yes, this course has expounded upon my education and I believe I have significantly learned so much.

Yes. I believe that it will set the ground work for my possible minor in German.

This course definitely enhanced my ability in the German language. I have begun to be able to read in German significantly more, and I understand simple speech.

Yes, yes

Before I began the course, I literally knew less than five German words. But I have learned more about the German language more than I could ever imagine in this single semester. So the course definitely made a significant contribution to my education.

3. Was the instructor able to relate the material to other subjects and to real life situations?

Text Entry

Yes, the instructor was phenomenal.

The use of real life examples like photos or menus or youtube songs made the course much more relatable.

Frau Knight brought in material from daily events to relate to the course, and used examples from her time in Germany to relate to different situations.

Yes she often would tell stories about when she visited Germany and the stories would always be relevant and useful

Definitely, she constantly compared the German culture to American culture in class. She also made us write blog entries discussing the similarities between our American culture to the German culture.

4. Comment on the technology, books, songs, and other materials the instructor used to facilitate learning.

Text Entry

She used a wide array of materials that all added to my education.

I am not a fan of the text overall as its explanations are lacking on concepts and focuses maybe a little too much on just exercises. If there were longer explanations I would like it better. In addition, the songs and other materials used in this course were extremely helpful in providing a real world aspect to the language.

I really enjoyed the songs and videos that Frau Knight showed us. They were entertaining and they related to the subject we were learning.

She always used her projector to show Prezis and she used some to help us memorize adverbs and prepositions.

The instructor utilized powerpoints that covers all the material in each chapter. She also played German music and videos that related to the material in class.

5. How could the course be improved? What did you like most about the course? What did you like least?

Text Entry

More emphasis and aid on the homework would benefit future students.

I believe that more explanation of the subject matter such as a different text's view on how to explain the Dative and Accusative would have been helpful for people who have not had Latin before.

I feel as if more oral presentations would have helped the learning process, but overall the course was extremely successful. The only problem I had with the course was that I would've gained more from checking home learning in class, as it would have allowed for questions to be answered.

It is fine the way it is The place and content and small class size The table in Green 34 1

The course could improve if Dr. Knight go over every tests after handing them back to provide us with a little more feedback. I liked that this course required us to constantly speak German because it is a effective way to strenghten our comprehension of the language. I honestly liked everything about the course.

6. Comment on the usefulness of the department's extra-curricular activities.

Text Entry

There were many offered that added to the course.

I would have liked to see a different theme for the German Cinema. I think this because while Queer Cinema was an interesting topic I think that it is hard for me to relate to the movies that I happened to go to.

I was not able to attend most of the extra activities of this course as I had a night lab on Tuesdays, but for the events I did attend, they were very organized and provided a fun way of experiencing the German culture.

Very useful because they help inject German in your everyday life.

The German Kaffeestundes were alot of fun and it was a great way to practice German.

III. Other comments?

Text Entry

I took 3 years of German in highschool and I learned more in this one semester than I did in my entire high school experience. I was nervous to take German again, but after getting to experience the elementary level with such a great teacher and I am extremely excited to continue with this language!
